

1ST STATEMENT OF WORK TO THE MASTER SERVICE AGREEMENT

This 1st Statement of Work ("**Statement of Work**" or "**SOW**") is made effective as of 22 May 2025 ("**Effective Date**") between

Colosseum AG, Talstrasse 70, 8001 Zurich, Switzerland

(«**Colosseum**»)

and

Sonrisa Informatikai Kft, 1038 Budapest, Népfürdő u. 22., Hungary

(«**Service Provider**»)

(Colosseum and Service Provider together the «**Parties**» and each a «**Party**»)

1. General

Upon execution, this SOW is appended to and governed by the Master Service Agreement dated 22 May 2025 between Service Provider and Colosseum ("**MSA**"). Capital terms and abbreviations used but not defined herein shall have the same meaning as set out in the MSA.

2. Scope of the SOW

- 2.1 Service Provider shall conduct a comprehensive audit and optimization of Colosseum's Azure Logic Apps that support data exchange for Microsoft Dynamics 365, with the objective of resolving intermittent issues and reliability concerns.
- 2.2 The following tasks shall be performed as part of the Services:
 - Technical discovery session with Colosseum's ERP team and stakeholders;
 - Review of current Azure Logic Apps architecture and workflow designs;
 - Collection and analysis of historical performance data, logs, and error patterns;
 - Documentation of the current infrastructure; and
 - Recommendations for addressing identified issues and general optimization opportunities.
- 2.3 The Services shall be performed by a dedicated team provided by the Service Provider's team, consisting of professionals with varied expertise to ensure optimal workload distribution. The team will operate on demand, optimizing task allocation to ensure efficient project delivery. A senior team member will act as the single point of responsibility, ensuring streamlined communication and accountability throughout the duration of this SOW.

3. Deliverables

The Service Provider shall provide Colosseum with a comprehensive technical documentation report containing:

- Complete analysis of the existing system;
- Identified issues;
- Root cause analysis; and
- Actionable recommendations for resolving current problems.

4. Acceptance

- 4.1 The Services shall be deemed complete and acceptable when:
 - All deliverables specified in Clause 3 have been provided to Colosseum's satisfaction;
 - The technical documentation report has been reviewed and approved by Colosseum's technical team; and
 - Any clarifications or minor amendments requested by Colosseum have been incorporated.

- 4.2 Colosseum shall have 10 business days from receipt of deliverables to review and provide feedback. If no response is provided within this timeframe, the deliverables shall be deemed accepted.

5. Compensation & Payment Terms

- 5.1 The Service Provider shall deliver the Services on a time and material basis, using a flat daily rate of 546 EUR (exclusive of any applicable taxes). The estimated effort for the engagement is 22 working days, resulting in a total estimated cost of 12,000 EUR (the "Budget Cap"). Notwithstanding the time and material basis, the total amount invoiced under this SoW shall not exceed the Budget Cap without Colosseum's prior written consent.
- 5.2 All invoicing shall be calculated using the daily rate and shall accurately reflect the actual time spent on the Services. Together with each invoice, during the engagement period, the Service Provider shall submit detailed timesheets containing the actual time spent, description of activities and key milestones achieved, and the corresponding fees calculated at the daily rate specified in Clause 5.1 above. Payment shall be as specified in Clause 2.2 of the MSA.

6. Data Protection

For the performance of the Services, the Service Provider will process personal and act as a data processor on behalf of and under the instructions of Colosseum, acting as a data controller. In accordance with the terms of Clause 6 of the MSA, the details of Service Provider's processing activities are specified according to Schedule 1 of the DPA attached to this SoW as Annex 1.

7. Term and Termination

- 7.1 This SOW is effective as of the SOW Effective Date and shall remain valid until 31 August 2025, with the option to extend upon mutual written agreement of the parties.
- 7.2 Either Party may terminate this SOW as agreed in the MSA.
- 7.3 Service Provider shall refund Colosseum any excess prepaid fees for the affected Services that were not performed prior to the effective date of termination.

This SOW is executed by the Parties' duly authorised officers or representatives, as follows:

Annex 1

SCHEDULE 1 TO THE DPA

DETAILS OF PROCESSING OF PERSONAL DATA

This Schedule 1 includes certain details of the Processing of the Personal Data as required by Article 28(3) GDPR.

1 Subject matter and duration of the Processing of Personal Data

The subject matter and duration of the Processing of the Personal Data are set out in the Principal Agreement, as supplemented by this Agreement.

2 The nature and purpose of the Processing of Personal Data

As part of the Azure Logic Apps analysis and troubleshooting, Personal Data may be processed for the following purposes:

- **Log Analysis:** Accessing and reviewing system logs and operational data to identify performance or reliability issues.
- **Interface Monitoring:** Evaluating the functioning of data exchange interfaces that may transmit or log personal data.
- **Error Traceability:** Reviewing workflow execution logs that may include metadata related to transactions or user identifiers.

No personal data will be stored or retained beyond the duration of the analysis, and access will be limited to technical staff under NDA obligations.

3 The categories of Data Subject to whom the Personal Data relates

Personal Data processed as part of the integration may relate to the following categories of data subjects:

- **Employees** – Internal staff members of Colosseum with access to the financial system.
- **Finance & Treasury Personnel** – Users involved in financial transaction management and reporting.
- **Suppliers & Vendors** – Business partners interacting with the financial system.
- **Clients / Patients** – If financial transactions involve customer payments or invoices.

4 The types of Personal Data to be Processed

The following categories of Personal Data may be processed within the scope of the integration:

- **Employee Data** – Names, job titles, email addresses, user roles, and login credentials.
- **Financial Transaction Data** – Invoices, payment records, bank account details, transaction history.
- **Vendor & Supplier Information** – Company names, tax identification numbers, contract details.
- **Audit Logs & User Access Data** – Logs of system access, approvals, and modifications made within the system.
- **Client Payment Data (if applicable)** – Customer billing details, invoice records, payment confirmations.
